This month we will feature **WALK AND DODGE from facing dancers**

DEFINITION: From facing dancers, the caller must designate which dancer Walks and which dancer Dodges, I. e., boys Walk, girls Dodge. The walker Walks forward to take the place of the dancer who was in front of them. The designated dodger steps sideways to take the place of the dancer who was his adjacent in their box of four. Ends in a box circulate formation.

This can be interesting for the dancers in that it can set up parallel ocean waves and it can be used to set up columns. From normal couples, BOYS WALK, GIRLS DODGE sets up a right hand box while GIRLS WALK, BOYS DODGE sets up a left hand box. At this level you should have setups where you can say either the boys or girls Walk and the other Dodge.
